PRODUCT GUIDE

Application:

2024 – Current Ford Mustang

Carbon Fiber Front Wind Splitter

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of the lift is reduced, and a driver can gain from the extra traction and control.

2024 – Current Mustang Dark Horse

SKU: CW-202402

Price: \$630

Carbon Fiber Replacement Mirror w/ Turn Signals

Add an exotic, race-inspired look to your vehicle without having to spend exotic money. These mirror covers attach directly to your vehicle's factory mirrors quickly and easily. No permanent modifications are necessary.
*Sold as set

2024 – Current Ford Mustang
