PRODUCT GUIDE

Application:

2015 – 2017 Ford Mustang GT

Carbon Fiber GTC-250 Adjustable Wing

The GT-250 wing features an all-new, low-drag, aerodynamic airfoil shape. Its “2D” design allows the wing to maintain a consistent level of down force across its entire span.

2015 – 2017 Mustang GT 67”

SKU: AS-206725

MSRP: \$1814

2015 – 2017 Mustang GT 71”

SKU: AS-207125

MSRP: \$1899

Carbon Fiber Front Bumper Canards

APR Front Bumper Canards are the perfect answer to aerodynamically tune the handling for the front of a car. Made of lightweight and durable carbon composites, APR Front Bumper Canards help increase front downforce at high speeds. The added downforce stabilizes the cars chassis during hard cornering and increases traction for faster lap times.

2015 – 2017 Mustang GT

SKU: AB-201510

Price: \$378

Carbon Fiber Front Wind Splitter (Non-performance Package)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (Non-Performance Package)

SKU: CW-201522

Price: \$467

PRODUCT GUIDE

Application:

2015 – 2017 Ford Mustang GT

Carbon Fiber Front Wind Splitter (Performance Package)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (Performance Package)

SKU: CW-201510

Price: \$467

Carbon Fiber Front Wind Splitter (Roush Bumper)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (Roush Bumper)

SKU: CW-201596

Price: \$499

Carbon Fiber Front Wind Splitter (CA Special)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (CA Special)

SKU: CW-201573

Price: \$499

PRODUCT GUIDE

Application:

2015 – 2017 Ford Mustang GT

Carbon Fiber Coil Pack Covers

Dress-up the engine bay with carbon fiber, molded to precise dimensions that only pre-preg. materials can achieve. These parts are exotic-looking, race-inspired, and are unmatched in quality.

2015 – 2017 Mustang GT
SKU: CBE-MUGCOILPK
MSRP: \$319

Carbon Fiber Engine Cover

Dress-up the engine bay with carbon fiber, molded to precise dimensions that only pre-preg. materials can achieve. These parts are exotic-looking, race-inspired, and are unmatched in quality.

2015 – 2017 Mustang GT
SKU: CBE-MUGENG15
Price: \$459

Carbon Fiber Radiator Cooling Plate

The flow of air is not only limited to the outside of a car. To maximize cooling capabilities, a radiator needs a direct flow of air to allow an engine to maintain consistent temperatures on the racetrack. Because of structural gaps above the radiator, the flow of air could escape making the radiator not as efficient as it could be. To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2015 – 2017 Mustang GT
SKU: CF-205002
Price: \$395

PRODUCT GUIDE

Application:

2015 – 2017 Ford Mustang GT

Carbon Fiber S550 GTC-200 Adjustable Wing

Spanning 60.5 inches and a height of 7 inches, the New GTC-200 adjustable wing offers the perfect amount of downforce for midsize and compact cars.

Each GTC Series airfoil is composed of lightweight and durable carbon fiber reinforced polymer (CFRP) composite materials. These airfoils contain pre-pregged woven carbon fiber sheets for superior strength and low weight.

2015 – 2017 Mustang GT Coupe Only

SKU: AS-106015

MSRP: \$1250

Carbon Fiber Shelby GT-350 Front Splitter

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2016 – 2017 Mustang Shelby GT-350 Only

SKU: CW-201535

Price: \$499
