PRODUCT GUIDE

Application:

2015 – Current Ford Mustang GT

Carbon Fiber GTC-250 Adjustable Wing

The GT-250 wing features an all-new, low-drag, aerodynamic airfoil shape. Its “2D” design allows the wing to maintain a consistent level of down force across its entire span.

2015 – 2017 Mustang GT 67”

SKU: AS-206725

MSRP: \$2,122

2015 – 2017 Mustang GT 71”

SKU: AS-207125

MSRP: \$2,222

Carbon Fiber Front Bumper Canards

APR Front Bumper Canards are the perfect answer to aerodynamically tune the handling for the front of a car. Made of lightweight and durable carbon composites, APR Front Bumper Canards help increase front downforce at high speeds. The added downforce stabilizes the cars chassis during hard cornering and increases traction for faster lap times.

2015 – 2017 Mustang GT

SKU: AB-201510

Price: \$435

Carbon Fiber Front Wind Splitter (Non-performance Package)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (Non-Performance Package)

SKU: CW-201522

Price: \$560

PRODUCT GUIDE

Application:

2015 – Current Ford Mustang GT

Carbon Fiber Front Wind Splitter (Performance Package)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (Performance Package)

SKU: CW-201510

Price: \$560

Carbon Fiber Front Wind Splitter (Roush Bumper)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (Roush Bumper)

SKU: CW-201596

Price: \$599

Carbon Fiber Front Wind Splitter (CA Special)

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2015 – 2017 Mustang GT (CA Special)

SKU: CW-201573

Price: \$599

PRODUCT GUIDE

Application:

2015 – Current Ford Mustang GT

Carbon Fiber Coil Pack Covers

Dress-up the engine bay with carbon fiber, molded to precise dimensions that only pre-preg. materials can achieve. These parts are exotic-looking, race-inspired, and are unmatched in quality.

2011 – 2017 Mustang GT

SKU: CBE-MUGCOILPK

MSRP: \$367

Carbon Fiber Engine Cover

Dress-up the engine bay with carbon fiber, molded to precise dimensions that only pre-preg. materials can achieve. These parts are exotic-looking, race-inspired, and are unmatched in quality.

2015 – 2017 Mustang GT

SKU: CBE-MUGENG15

Price: \$528

Carbon Fiber Radiator Cooling Plate

The flow of air is not only limited to the outside of a car. To maximize cooling capabilities, a radiator needs a direct flow of air to allow an engine to maintain consistent temperatures on the racetrack. Because of structural gaps above the radiator, the flow of air could escape making the radiator not as efficient as it could be. To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2015 – 2017 Mustang GT

SKU: CF-205002

Price: \$454

PRODUCT GUIDE

Application:

2015 – Current Ford Mustang GT

Carbon Fiber S550 GTC-200 Adjustable Wing

Spanning 60.5 inches and a height of 7 inches, the New GTC-200 adjustable wing offers the perfect amount of downforce for midsize and compact cars.

Each GTC Series airfoil is composed of lightweight and durable carbon fiber reinforced polymer (CFRP) composite materials. These airfoils contain pre-pregated woven carbon fiber sheets for superior strength and low weight.

2015 – 2017 Mustang GT Coupe Only

SKU: AS-106015

MSRP: \$1,463

Carbon Fiber Shelby GT-350 Front Splitter

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2016 – 2017 Mustang Shelby GT-350 Only

SKU: CW-201535

Price: \$599

Carbon Fiber Replacement Mirror w/ Turn Signals

Add an exotic, race-inspired look to your vehicle without having to spend exotic money. These mirror covers attach directly to your vehicle's factory mirrors quickly and easily. No permanent modifications are necessary.

***Sold as set**

2015 – Current Ford Mustang

SKU: CBM-MUSTG15

Price: \$429

PRODUCT GUIDE

Application:

2015 – Current Ford Mustang GT

Carbon Fiber Hood Vents

Excessive heat can cause major and expensive damage to critical components in a car. Engine bays, radiators, brakes, transmissions, and differentials all need good air flow to help transfer away unwanted heat. APR Hood Vents help channel out excessive heat that builds up in the engine bay. Built using pre-preg. carbon fiber reinforced polymer (CFRP) composite materials for superior strength-to-weight ratio, APR Hood Vents add both function and "lightness" where it counts.

2015 – 2017 Ford Mustang

SKU: CF-201500

Price: \$880

Carbon Fiber GTC-250 Adjustable Wing (Center Cover Included)

The GT-250 wing features an all-new, low-drag, aerodynamic airfoil shape. Its "2D" design allows the wing to maintain a consistent level of down force across its entire span.

2018 - Current Mustang GT 67"

SKU: AS-206728

MSRP: \$2,216

2018 - Current Mustang GT 71"

SKU: AS-207128

MSRP: \$2,347

Carbon Fiber Front Bumper Canards

APR Front Bumper Canards are the perfect answer to aerodynamically tune the handling for the front of a car. Made of lightweight and durable carbon composites, APR Front Bumper Canards help increase front downforce at high speeds. The added downforce stabilizes the cars chassis during hard cornering and increases traction for faster lap times.
