Application:

**2023 – Current FL5 Honda Civic
Type R**

Side Rockers

Front Air Dam Lip

GTC-300 Adjustable Wing

PRODUCT GUIDE

Application:

**2023 – Current FL5 Honda Civic
Type R**

Carbon Fiber Canards

APR Front Bumper Canards and Spats are the perfect answer to aerodynamically tune the handling for the front of a car. Made of lightweight and durable carbon composites, APR Front Bumper Canards and Spats help increase front downforce at high speeds. The added downforce stabilizes the cars chassis during hard cornering and increases traction for faster lap times.

2023 – Current FL5 Honda Civic Type R
SKU: AB-923002
MSRP: \$575

Carbon Fiber Radiator Cooling Plate (Center)

To maximize cooling capabilities, a radiator needs a direct flow of air to allow an engine to maintain consistent temperatures on the race track. Because of structural gaps above the radiator, the flow of air could escape making the radiator not as efficient as it could be. To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2023 – Current FL5 Honda Civic Type R
SKU: CF-923001
Price: \$325

PRODUCT GUIDE

Application:

**2023 – Current FL5 Honda Civic
Type R**

Carbon Fiber Radiator Cooling Plate (Right)

To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2023 – Current FL5 Honda Civic Type R

SKU: CF-923002

Price: \$375

Carbon Fiber Radiator Cooling Plate (Left)

To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2023 – Current FL5 Honda Civic Type R

SKU: CF-923003

Price: \$375

Carbon Fiber Radiator Cooling Plate (Left and Right)

To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2023 – Current FL5 Honda Civic Type R

SKU: CF-923020

Price: \$750

PRODUCT GUIDE

Application:

**2023 – Current FL5 Honda Civic
Type R**

Carbon Fiber Radiator Cooling Plate (Full kit)

Because of structural gaps above the radiator, the flow of air could escape, making the radiator not as efficient as it could be. To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2023 – Current FL5 Honda Civic Type R
SKU: CF-923022
Price: \$968

Carbon Fiber Front Air Dam/ Lip

The APR Performance Front Splitter / Air Dam integrates with the factory front bumper to:

- Reduce lift.
- Increase front-end stability.
- Improve high-speed cornering grip

This Front Splitter / Air Dam also utilizes a built-in aerodynamic splitter design that creates a high-pressure region of air atop the protruding surface, further reducing lift and increasing net downforce.

2023 – Current FL5 Honda Civic Type R
SKU: FA-923005
Price: \$1,200

Carbon Fiber Side Rockers

APR Side Rocker Extensions are the next step to help aerodynamically tune the handling of a car. Made of lightweight and durable carbon fiber composites, APR Side Rocker Extensions help reduce lift at high speeds by preventing air at the sides of the car from rolling underneath the car. The reduced lift helps to stabilize the car during high-speed cornering and helps to increase traction for faster lap times.

2023 – Current FL5 Honda Civic Type R
SKU: FS-923008
Price: \$2,050

PRODUCT GUIDE

Application:

**2023 – Current FL5 Honda Civic
Type R**

Carbon Fiber Rear Bumper Skirts

APR Rear Bumper Skirts are the next step to help aerodynamically tune the handling of a car. Made of lightweight and durable carbon fiber composites, APR Rear Bumper Skirts help reduce lift at high speeds by preventing air at the sides of the car from rolling underneath the car. The reduced lift helps to stabilize the car during high-speed cornering and helps to increase traction for faster lap times.

2023 – Current FL5 Honda Civic Type R
SKU: FS-923028
Price: \$495

Carbon Fiber FL5 Aerodynamic Kit

The aerodynamic kit for the Honda Civic Type R combines all the best aerodynamic upgrades into a single package. This package is designed to improve high-speed handling, both on and off the track.

- Air dam/ Lip
- Side Rockers
- Rear Bumper Skirts

2023 – Current FL5 Honda Civic Type R
SKU: AB-923000
Price: \$3,371

Carbon Fiber Rear Diffuser

To help channel the high-speed air flow coming from underneath the car, diffusers redirect the high-speed air flow to transition smoothly into the low-pressure vacuum in the rear. This encourages a smoother flowing air flow underneath the car and allows better performance from other aerodynamic components such as aerodynamic wings.

2023 – Current FL5 Honda Civic Type R
SKU: AB-923005
Price: \$1,700

**2023 – Current FL5 Honda Civic
Type R**

Carbon Fiber 67" GT-250 Adjustable Wing

All GT Series wings feature an all-new, low-drag, aerodynamic 2D designed airfoil shape. The "2D" design allows the wing to maintain a consistent level of downforce across its entire span. Computational Fluid Dynamics (CFD) analysis was performed on this wing to support validation of its aerodynamic design.

2023 – Current FL5 Honda Civic Type R

SKU: AS-206792

Price: \$2,350

Carbon Fiber 67" GTC-300 Adjustable Wing

With a span of 67 and a height of 13 inches, the GTC-300 is an adjustable wing that means serious business. The GTC-300 3D airfoil shape allows for optimal airflow that reduces drag yet supplies an effective amount of downforce. Computational Fluid Dynamics (CFD) analysis was performed on this wing to support validation of its aerodynamic design.

2023 – Current FL5 Honda Civic Type R

SKU: AS-106792

Price: \$2,500

Carbon Fiber 67" GT-250 Swan Neck Wing

All GT Series wings feature an all-new, low-drag, aerodynamic 2D designed airfoil shape. The "2D" design allows the wing to maintain a consistent level of downforce across its entire span. Computational Fluid Dynamics (CFD) analysis was performed on this wing to support validation of its aerodynamic design.

2023 – Current FL5 Honda Civic Type R

SKU: AS-406792

Price: \$3,450
