PRODUCT GUIDE

Application:

2022 - Current Subaru WRX

Carbon Fiber Canards

APR Front Bumper Canards and Spats are the perfect answer to aerodynamically tune the handling for the front of a car. Made of lightweight and durable carbon composites, APR Front Bumper Canards and Spats help increase front downforce at high speeds. The added downforce stabilizes the cars chassis during hard cornering and increases traction for faster lap times.

2022 – Current WRX

SKU: AB-808022

MSRP: \$305

Carbon Fiber Front Wind Splitter

To combat the effects of front-end lift, APR Front Wind Splitters are utilized to give extra traction and control in the front of a car. By creating a high-pressure area on top of the wind splitter, high pressure air flow is restricted to flow underneath a car. With low pressure below the car, the effect of lift is reduced, and a driver can gain from the extra traction and control.

2022 – Current WRX

SKU: CW-802208

MSRP: \$639

Carbon Fiber Alternator Cover

Dress-up the engine bay with carbon fiber, molded to precise dimensions that only pre-preg. Materials can achieve. These parts are exotic-looking, race-inspired, and are unmatched in quality.

2022 – Current WRX

SKU: CBE-WRXALT22

Price: \$195

PRODUCT GUIDE

Application:

2022 - Current Subaru WRX

Carbon Fiber Intake Duct

To help improve the flow of air into the radiator, APR Carbon Fiber Intake Duct can be utilized to channel the flow of air directly to the intake box. This will improve the efficiency of the radiator while adding a high-tech, race inspired look to your engine bay.

2022 – Current WRX

SKU: CF-802204

MSRP: \$545

Carbon Fiber Radiator Cooling Plate

To help improve the flow of air into the radiator, APR Carbon Fiber Radiator Cooling Plates can be utilized to channel the flow of air directly to the radiator. This will improve the efficiency of the radiator while adding a high-tech, race-inspired look to your engine bay.

2022 – Current WRX

SKU: CF-802201

Price: \$375

Carbon Fiber Cooling Plate Intake Enhancement Kit

Combining the characteristics of APR Radiator Cooling Plate and Intake Duct, this will improve the performance while adding a high-tech, race inspired look to your engine bay.

2022 – Current WRX

SKU: CF-802212

Price: \$828

PRODUCT GUIDE

Application:

2022 - Current Subaru WRX

Carbon Fiber Hood Scoop

Excessive heat can cause major and expensive damage to critical components in a car. Engine bays, radiators, brakes, transmissions, and differentials all need good air flow to help transfer away unwanted heat. APR Hood Vents help reduce high pressure air that builds up in the engine bay. Built using pre-preg. carbon fiber reinforced polymer (CFRP) composite materials for superior strength-to-weight ratio, APR Hood Vents add both function and "lightness" where it counts.

2022 – Current WRX

SKU: CF-802205

MSRP: \$575

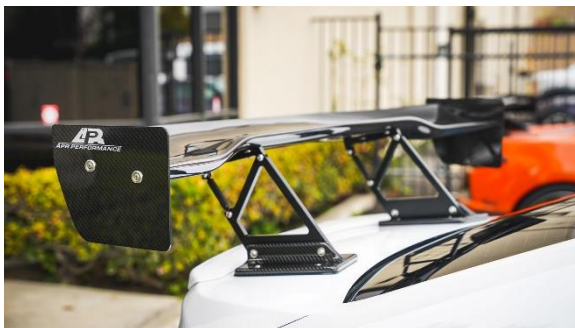

Carbon Fiber GTC-300 Adjustable Wing

The GTC-300 is an adjustable wing that means serious business. The GTC-300 3D airfoil shape allows for optimal airflow that reduces drag yet supplies an effective amount of downforce. Computational Fluid Dynamics (CFD) analysis was performed on this wing to support validation of its aerodynamic design.

2022 – Current WRX

SKU: AS-106182

Price: \$2,330

Carbon Fiber GTC-200 Adjustable Wing

Spanning 60.5 inches and a height of 10 inches, the New GTC-200 adjustable wing offers the perfect amount of downforce for midsize and compact cars.

2022 – Current WRX

SKU: AS-105982

Price: \$1,360
